On April 12, 2011, the Department of Energy approved the conversion of Coal Operating Contract 148 to Development and Production phase. The proposed 5-year work program of Abacus Coal Exploration and Development Corporation (ABACOAL) was evaluated and found to be technically and financially qualified to undertake development and production of coal resources located at Tago, Surigao del Sur., subject to the following terms and conditions:

1. Upon commencement of the operations of the Project and/or identification of other profitable Projects for the Company, the capital restructuring and fund raising activities approved by the Board of Directors and shareholders of the Company may be implemented.

By way of background, on September 24, 2008, the Company entered into a Heads of Agreement with Music Semiconductors Corporation ("MSC") and Abacus Consolidated Resources Holdings, Inc. ("ACRHI") for the joint acquisition by the Company and MSC of all issued and outstanding shares of stock of ABACOAL, a subsidiary of ACRHI. The Company and MSC have likewise entered into an Agreement for Joint Investment whereby the investment parameters for such investment in ABACOAL were set forth. Under the same agreement, MSC will own 55% of the issued and outstanding capital stock of ABACOAL while the Company will own 45% of ABACOAL.

ABACOAL is a company engaged in the commercial exploration and development of coal and is the Assignee (whereby ACRHI is the Assignor) of a Coal Operating Contract over a 7,000-hectare property located in Tago and Marihatag, Surigao del Sur ("Coal Project"). Due diligence over the coal property has been undertaken for purposes of verifying the reserves and studying the financial viability of the Coal Project.

On May 21, 2008, the Board of Directors approved resolutions authorizing the Company to amend the Agreement for Joint Investment dated September 24, 2008 between the Company and Music Semiconductors Corporation (MUSX). The subject amendment will result in the assignment to the Company of MUSX's 55% interest and participation in the Abacoal Investment subject to the payment of the following: (1) ₱12 million by way of reimbursement of expenses made by MUSX in the Abacoal

Investment upon the signing of the amendment; (2) a second tranche of ₱10 million by way of reimbursement of the remainder of expenses and payments made by MUSX, payable on or before December 31, 2009 or on such later date as may be agreed upon by the parties. The arrangement carried the option to convert this payment to equivalent number of new shares to be issued by the Company to MUSX based on the closing price of the Company's shares on the date of the exercise by MUSX of the option; LIHC likewise agreed to pay MUSX 0.25% of the gross coal price per ton based on FOB loaded to vessel, payable within five (5) days from receipt of payments by the Company therefore, as MUSX royalties during the first five years of operations. Advanced royalties may be agreed upon on a discounted basis depending on the initial operations of the Abacoal Investment.

Any and all payables and deliverables to MUSX of the Company has been settled on 21 February 2011, with the execution between the Company and MUSX of a document entitled Execution of Payment and Waiver. Simultaneously, the Company paid MUSX the amount of ₱ 10 million by way of full and final payment of any and all its obligations under the Amended Agreement. MUSX likewise waived in full any and all possible collectible from the Company resulting from the various Agreements, including but not limited to the percentage shares of MUSX in the sales / income of ABACOAL upon its operation.

On May 31, 2009, the Company executed a Memorandum of Agreement with Oriental Vision Mining Philippines Corp. to undertake exploration and development activities of the coal properties of ABACOAL over which the Company has an interest. Oriental Vision shall pay the Company a royalty fee of Eight Percent (8%) of gross coal price per ton based on FOB loaded to vessel payable within 45 days from receipt of payment by Oriental Vision.

On Nov 6, 2009, the Board of Directors during its special meeting approved the following:

1. Proposed reduction in the par value of the shares of stock of the Company from ₱1.00 to ₱0.10 per share, resulting in a stock split of ten shares for every one share issued. A share buy-back program was also adopted, which will depend on the Company's retained earnings and the market price of the Company's shares under such terms and conditions to be determined and set by the BOD.

2. Proposed increase in the authorized capital stock of the Company from ₱100.00 million divided into 100 million shares at ₱1.00 par value per share to ₱300.00 million divided into 3 billion shares at ₱0.10 par value per share.

3. Delegation to the Board of Directors of the power and authority to identify and secure equity investments from subscribers, implement share swaps, and undertake share issuances at such subscription price(s) and under terms and conditions to be determined by the Board with a waiver of the requirement to conduct a rights or public offering of the shares

4. Issuance of shares of stock from the proposed capital increase through preemptive stock rights offering. The preemptive stock rights offering shall be implemented on a 1:1 proportion, i.e. one share held by qualified stockholders entitled the said stockholders to subscribe to one share under the offering. The stock rights offer price shall be at par of ₱0.10, representing the reduced par value of the shares at the expected time of the stock rights offering, or at ₱1.00 if the stock rights offering happen at the time prior to the reduction in the par value of the shares.

The above resolutions were subsequently ratified in the shareholders meeting of the Corporation held on December 2009.

Also, during the meeting of the Board of Directors on November 6, 2009, the Company and two investors executed Investment and Subscription Agreements to effect share issuances via private placement transactions. This was pursuant to the September 14, 2009, Board of Directors approval for issuance of shares by way of private placements in favor of its investors. Under agreed terms, LIHC agreed to issue one hundred million (100,000,000) LIHC shares out of the unissued and unsubscribed portion of its authorized capital stock at the price of Five hundred and five Centavos (₱0.505) per share or a total consideration of Fifty Million Five Hundred Thousand (₱50,500,000.00) for the following business purposes:

a) To enable the Company to pay its financial obligations to Abacus Consolidated Resources Holdings, Inc. (ABACON) constituting partial consideration for the purchase of 100% of the shares of Abacus Coal Exploration Development Corporation (ABACOAL) as provided under the Heads of Agreement that the Corporation executed with ABACON.

b) To allow the Company to expand its investments

c) To permit the Company to enter and finance new businesses

d) For working capital and costs of the private placements

Further, at the same meeting, the Board of Directors discussed the implementation of the Stock Rights Offering in a planned capital increase. The SRO will enable qualified shareholders to purchase shares at better prices or even at the par value of ₱0.10 while giving the company an opportunity to offer and distribute more shares from said capital increase.

On November 3, 2010, ABACOAL and the Company further revised the terms of the Heads of Agreement. In the revised agreement, the Company shall acquire the Coal Property and all the other assets and liabilities of ABACOAL by and through a merger, with the Company as the surviving entity. By virtue of said merger, the Company shall issue 250,000,000 new common shares at a par value of ₱0.10 and an agreed issue value of ₱0.90 to ABACOAL. The Company undertakes to list the said shares with the PSE. These terms and conditions shall be incorporated in a Merger Agreement and Plan of Merger which ABACOAL and the Company agree to execute at the proper time. As part of the agreement, the Company shall make staggered cash payments to ABACOAL which shall be deemed as constituting a participation in operating revenues from the Coal Property in the total amount of ₱75.0 million, payable as follows:

- ₱30.0 million advance deposit on ABACOAL's participation due on September 24, 2008, June 1, 2009 and June 8, 2009;

- Amounts to be paid upon and to be taken from the sale of the first production of coal products from the Coal Property:

  a. ₱20.0 million upon consummation of said first sale of coal products; and,
  b. ₱25.0 million payable thirty days from consummation of said first sale of coal products.

In order for the Company to completely pursue its operational and compliance goals for the South Surigao Coal Project (SSCoal), the merger with Abacoal and the takeover of management of the project must be effected.

The approval of the Plan of Merger with ABACOAL was not submitted for approval by the shareholders during the scheduled December 2013 Annual Stockholders' Meeting due to lack of quorum to convene the meeting.

On July 21, 2015, the Company entered into Cancellation of the Heads of Agreement, Amended Heads of Agreement and Allied Contracts with Abacus Consolidated Resources Holdings, Inc. (ABACORE) and Abacus Coal Exploration and Development Corporation (ABACOAL). The cancellation was necessitated by the fact that the Company tried to have the Merger with ABACORE approved by its shareholders but the same was not achieved for lack of quorum during the Annual Shareholder's Meetings called for the last three(3) years.

5. ACCOUNTS PAYABLE AND ACCRUED EXPENSES

This account consists of accrued expenses which represent expenses continuously incurred for maintaining the operational and listing status with the Securities and Exchange Commission (SEC) and the Philippine Stock Exchange (PSE) and payroll related expenses. This is composed of legal fees, stock transfer agent fees and government statutory obligations like withholding taxes, SSS, Phil health and HDMF.

6. CAPITAL STOCK

To address the Company's liquidity shortfalls and raise the needed fund for investment into Abacoal, the Company increased its authorized capital stock from Fifty Million Pesos (₱50,000,000.00) divided into Fifty Million (50,000,000) shares to One Hundred Million Pesos (₱100,000,000.00) divided into One Hundred Million (100,000,000) shares, both with a par value of One Peso (₱1.00) per share. The capital increase was approved by the Securities and Exchange Commission on 30 July 2009. To fund the capital increase, the Company entered into private placement transactions with several investors at the price of ₱1.20 per share. Full payment was made to the Company during the first quarter of 2010. Said shares were approved by the Philippine Stock Exchange for listing on July 14, 2010.

On November 6, 2009, the Company entered into another set of investment agreements with various investors wherein the investors agreed to subscribe by way of private placement to 10 million common shares of stock to be issued out of the unissued and unsubscribed portion of the authorized capital stock of the Company. The shares were subscribed at a price of ₱5.05 per share or for a total of ₱50.5 million, of which 25% or ₱12.6 million has already been paid. The transaction was approved by the BOD on September 14, 2009. The balance of 75% of the gross investment amount was paid in March 2011. Listing application for such shares is currently pending with the PSE.

On Sept. 14, 2010, SEC approved the reduction in the par value of the shares of stock from One Peso (₱1.00) to Ten Centavos (₱0.10). The authorized capital stock of the Corporation shall be One Hundred Million Pesos (₱100,000,000.00) divided into One Billion (1,000,000,000) common shares with par value of Ten Centavos (₱0.10) per share. Also on the same date, the SEC approved the Amended By-laws providing for the creation, powers and functions of the Nomination, Remuneration, Audit, Executive and Finance Committees of the Company.

Per the records of the Corporation, on 24 September 2010, as a result of the approval of the reduction in the par value of the shares of the Company from One Peso (₱ 1.00) per share to Ten Centavos (₱ 0.10) per share, the Philippine Stock Exchange implemented the reduction in the par value and stock split of Lodestar shares. After the reduction in the par value of the shares from One Peso (₱ 1.00) to Ten Centavos (₱0.10) the number and price of shares have been adjusted by multiplying the number of shares by ten (number of shares x 10) and inversely, dividing the price by ten (price/10). Resulting adjustments in the amount of shares and values of consideration were accordingly reflected in the books of the Corporation, insofar as all issued and outstanding shares are concerned, including the private placement shares.

On April 18, 2012, the Board of Directors approved the increase in authorized capital stock from One Hundred Million Pesos (₱ 100,000,000.00) divided into One Billion shares at Ten Centavos (₱ 0.10) per share to Three Hundred Million Pesos (₱300,000,000.00) divided into Three Billion (3,000,000,000) shares at Ten Centavos (₱ 0.10) per share. This shall be the capital increase which will be undertaken per the approval of the shareholders during the 17 December 2009 stockholders' meeting. A total of Five Hundred Million shares will be subscribed via private placement at the subscription price of Seventy Centavos (₱ 0.70) per share.

7. RISK MANAGEMENT

The Company is exposed to a variety of financial risks which resulted from its investing and operating activities. The Company's risk management is coordinated in close cooperation with the BOD, and focuses on actively securing the Company's short-to-medium-term cash flows by minimizing the exposure to financial markets.

The Company does not actively engage in the trading of financial assets for speculative purposes nor does it write options. The Company has no significant exposure to foreign currency risk since it has no financial assets and financial liabilities that are denominated in foreign currency. The most significant financial risks to which the Company is exposed to are described below and in the succeeding page.

Credit Risk

Credit risk is the risk that a counterparty fails to discharge an obligation to the Company. The Company is exposed to this risk for its financial assets.

The maximum credit risk exposure of financial assets is the carrying amount of the financial assets as shown in the statements of financial position or in the detailed analysis provided in the notes to the financial statements, as summarized below.

	June 30, 2015	2014
Cash	**P 231,575**	P 383,754

The above represent the carrying amounts of financial assets of the Company categorized as loans and receivables. None of the Company's financial assets are secured by collateral or other credit enhancements, except for cash .

(a) Cash

The credit risk for cash is considered negligible, since the counterparties are reputable banks with high quality external credit ratings. Included in the cash are cash in banks which are insured by the Philippine Deposit Insurance Corporation (PDIC) up to a maximum coverage of P0.5 million for every depositor per banking institution. The amount of cash on hand excluded from this insurance to PDIC amounted to P5,000 in both years.

Fair Value Hierarchy

In accordance with PFRS 13, the fair value of financial assets and liabilities and non-financial assets which are measured at fair value on a recurring or non-recurring basis and those assets and liabilities not measured at fair value but for which fair value is disclosed in accordance with other relevant PFRS, are categorized into three levels based on the significance of inputs used to measure the fair value. The fair value hierarchy has the following levels.

(a) Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that an entity can access at the measurement date;

(b) Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liabilities, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and,

© Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The level within which the financial asset or liability is classified is determined based on the lowest level of significant input to the fair value measurement.

For purposes of determining the market value at Level 1, a market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency and those prices represent actual and regularly occurring market transactions on an arm's length basis.

There were no outstanding financial assets and liabilities measured at fair value as of June 30, 2015 and December 31, 2014.

10. COMPLIANCE WITH SEC MEMORANDUM CIRCULAR No. 3, Series of 2012

PFRS9, *Financial Instruments: Classification and Measurement (* effective from January 1, 2015). This is the first part of a new standard on classification and measurement of financial assets and financial liabilities that will replace PAS 39 in its entirety. This chapter deals with two measurement categories for financial assets: amortized cost and fair value. All equity instruments will be measured at fair value while debt instruments will be measured at amortized cost only if the entity is holding it to collect contractual cash flows which represent payment of principal and interest. The accounting for embedded derivatives in host contracts that are financial assets is simplified by removing the requirement to consider whether or not they are closely related, and, in most arrangement, does not require separation from the host contract.

For liabilities, the standard retained most of the PAS 39 requirements which include amortized-cost accounting for most financial liabilities, with bifurcation of embedded derivatives. The main change is that, in case where the fair value option is taken for financial liabilities, the part of a fair value change due to an entity's own credit risk is recorded in other comprehensive income rather than in profit or loss, unless this creates an accounting mismatch.

To date, other chapters of PFRS 9 dealing with impairment methodology and hedge accounting are still being completed.

The Company does not expect to implement and adopt PFRS 9 until its effective date or until all chapters of this new standard have been published. Based on Management's current assessment, this standard has no significant impact to the Company's financial statement except for potential reclassification of fair value gain (losses) on available-for-sale financial assets recorded in other comprehensive income to profit or loss. The Company will continue to assess the possible effect of this standard considering the impact of all changes until its implementation in 2015.
